## CONVENTION IS CALLED BY DEMOCRATS

**Bitter Pill is Swallowed by State  
Committee on the "Great  
Secretary of State."**

Besides adopting the policy of excluding office holders from its membership, the Democratic state executive committee at its meeting here Wednesday called a state convention for June 24 at Parkersburg for the purpose of nominating a candidate for congressmen at large.

The new chairman of the committee is C. L. Shaver, of Fairmont, who was chosen to fill the vacancy caused by the resignation of Stuart W. Walker, of Martinsburg, now United States district attorney. Mr. Shaver, according to custom, was authorized to engage a secretary in the place of Harry H. Byrer, of Philadelphia, who resigned the office because he is now assistant federal district attorney. Lon H. Kelley, of Braxton county, was chosen a member of the committee to succeed Samuel A. Hays, of Glenville, now internal revenue collector, and Lloyd Rhehart, of Weston, was placed on the committee to succeed J. Carl Vance, postmaster of Clarksburg.

J. R. Mehan, of Parkersburg, was elected sergeant at arms of the committee to succeed Pannell Garden, of Wheeling, who died about a year ago in Washington, D. C.

In calling the state convention at Parkersburg, the committee designated the basis of representation "at one delegate for every 100 votes or fraction over fifty cast for W. R. Thompson for governor in the election of 1912."

A perfunctory set of resolutions was passed by the committee in which President Wilson's administration was praised sky high and in which benedictions were thrown at Governor United States Senator C. W. Watson, Senator W. E. Chilton and Congressman Neely and Brown.

**A Mirth Provoker.**  
A section of the resolutions referring to the foreign relations of the national administration is causing much mirth among members of other political parties, who see in it a bitter pill that was hurriedly swallowed by the committee with a palpable touch of apology for Secretary of State Bryan. The pill reads as follows:

"Our foreign relations are peculiarly in the hands of the president and when his recommendations are seconded and supported by his great secretary of state, William Jennings Bryan, we know that righteousness is the watchword and that Democratic principles cannot suffer."

This section caused a good deal of discussion among members of the committee, but it was finally put through.

Latest reports show that more than 50,000 men are employed as coal miners in the Pacific northwest.

## Women Everywhere

**Praise Lydia E. Pinkham's Vegetable Compound**

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

### Wonderful Case of Mrs. Stephenson, on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicines advertised and thought I would try them, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sanative Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—MRS. W. STEPHENSON, Independence, Oregon.

### A Grateful Atlantic Coast Woman.

HONOLULU, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached. I had no appetite and was so nervous I could not sleep. Then I would be so tired mornings that I could scarcely get around. I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fit and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—MRS. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

## DRUGS EXCITE YOUR KIDNEYS USE SALTS

If Your Back Hurts or Bladder  
Bothers, Drink Lots of  
Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, too keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

## FLEECE

Are Many in Wheeling Gaming  
Places But Police Take No  
Action It is Said.

WHEELING, April 16.—Stories of "game-up" and "sure-thing" poker games are about about the city and it is said that the police are letting the favored ones run without molestation.

I [this is the case the reason why the games are not interfered with is obvious, with the Leyland impeachment case hanging fire an d council bills piling up.

**No Chance for Victim.**  
The "sure-thing" poker game is the meanest form of gambling, for the victim selected has no chance. The game is "framed" with about six "house men sitting in" against the one poor "boob," and all are continually shooting at the one money, which after the "sucker" is fleeced, is divided. Nine time out of ten the cards are marked, as it is absolutely impossible for the victim to win. This kind of poker is practically worse than highway robbery, as in the latter case the "stick-up" man takes a chance, while in the former no risk is taken.

**Police Take No Action.**  
Last week a young man is said to have sat in one of the "sure-thing" games. He dropped eighty dollars. The victim, so it is said, "squawked" to the police, but no action was taken. The game in which he played is conducted, it is alleged on Market street. He says he would have gone farther with his complaint, but because he holds a responsible position and one of such a nature that should it be known he had played poker he would lose his job. This bludgeon was held over his head by those who had taken his money and the matter was dropped.

### RAILWAY DOUBLES FARES.

PARKERSBURG, April 16.—The Parkersburg, Marietta and Interurban Railway Company has announced its fares will be doubled to points outside the city. The line operates between here and Marietta, O., and the fare from here to Williamstown, across the Ohio river from Marietta, will now be twenty cents instead of ten.

## ALL NATIONS TO ENTER GLOBE-GIRDLING PANAMA-PACIFIC AVIATION RACE FOR \$300,000

Map Showing Principal Cities on Proposed Airship Race Route Around World.

The most tremendous aerial drama will be staged in 1915 when the signal is given for the 22,000-mile Panama-Pacific International Aviation race around the world for prizes of \$300,000 or more. Aeronauts from all civilized nations with every description of air craft driven by motion will participate. The event will compare with the crossing of the Atlantic by Columbus and the circumnavigation of the globe by Magellan in 1522. Arnold Kruckman, chief of the Panama-Pacific ex-

position bureau of aeronautics, will start soon upon a trip around the world, traversing the entire route, to establish control points and confer with commissioners that will be appointed by the various nations. The functions of this commission will be clearly separate from the aeronautical supervision of the race, which will be under the jurisdiction of the Federation Aeronautique internationale. According to the present plan the commission will be composed of five men, whose selection will be placed in the hands of the President of the United States, the King of England, the President of France, the Emperor of Germany, the Czar, the Mikado and the Premier of the British Columbia. The start of the race will be in May, 1915, from the aviation field of the Panama-Pacific International Exposition. Patrols of scout cruisers will be established to mark the trail over the oceans and lend assistance if needed. Each machine will carry at least two men and will check in at each control point where it will be stamped. Repair and rebuilding will be permissible. Aviators are confident that by May 1915, such progress will have been made that success will be assured. It is probable that by that time the Atlantic will have been crossed successfully that the competition will be given the choice of routes by mid-Atlantic or by way of Greenland. Circumnavigation of the globe will be the supreme adventure of us that.
